

Help a Child South Sudan

Help a Child South Sudan is a key organization advancing Early Childhood Development (ECD) in the country. We establish ECD centres that integrate education, child protection, and food security. As part of the Dutch Relief Alliance Joint Response, we focus on a holistic approach that strengthens food security, livelihoods, and child protection for vulnerable communities.

FOCUS:

- Early Childhood Development (ECD)
- Child Protection
- Food Security and Livelihood / Youth and Work
